SCULPTURE

BORN: NEW JERSEY, USA - 1965 -

Studies: Mechanical Engineering
- EAFIT (Medellin, Colombia)
- Florida International University (MIAMI, USA)
Specializing in Laminated Steels.

Started working in the Steel manufacturing industry in early 1990'S.

July 2000 forms his own company in south Florida distributing material handling product, specializing in steel products.

His first encounter with plastic arts was in early 1990's, attending work shops and personalized courses in Drawing, painting , wood carving and stained Glass, with important masters in Colombia and USA.

In 2009 presents his first sculptural work at AREA 23 Art Gallery in Miami, Florida at the same time the work was exhibited at the Philharmonic center for the Arts in Naples Florida.

The body of works is produced in welded aluminum and steel, both Large and Medium Format.
